

Taos Soccer Community,

All “contact sports” have been canceled until further notice as set forth by the New Mexico Office of the Governor, NM Department of Health (NMDH), and under the guidance of the New Mexico Activities Association (NMACT).

Please see the following order: July 9, 2020

(18) Organized amateur youth sports are prohibited. For purposes of this order, “contact sports” includes, inter alia, football, wrestling, basketball, and soccer. This prohibition extends to adult or youth recreational leagues and club sports, as well as any school-sponsored or school-sanctioned leagues and teams. This prohibition should be broadly construed and is intended to include organized practices and games and any other in-person group activities.

We are hopeful that there will be a high school season in the winter/spring. The proposed season dates are scheduled for February 15 (opening day) with the finals to be held in mid April (April 11-17). There will be a reduced game schedule allowing for a maximum of fourteen games. Additionally, only eight teams will qualify for this seasons state tournament. Please note this is subject to change!
